### UMAMI by Han – Street Food

The Umami by Han **Street Food** is a new, casual addition to the dynamic concept of **Umami by Han**. At the energetic Street Food Bar you can choose for an unique, tasty and healthier alternative to fast food.

During lunch and dinner you can enjoy delicious Street Food meals in **Umami by Han** style. Inspired by the colorful and authentic street food markets in Asia, we have made a menu full of exciting dishes based on fresh and healthy ingredients.

In addition, our tea-sommelier sought inspiration from the Chinese tea culture to create a wonderful range of refreshing tea-infused drinks.
